

PowerTSM® CLOUD SERVICES USAGE FEES

Valid from: 1.1.2026

1. PowerTSM® Subscription Plans & Prices

Prices apply for up to **1TB storage requirements per tenant**. Designs which require more than 1TB of storage are subject to specific calculations on demand.

*all prices monthly and net without VAT.

Plan	Tenants	Users	Repositories	Storage/GB	Traffic/GB	DTU ¹ /h	vCPU ² /h
Essentials	433,83 €	43,39 €	-	111,2393 €	1,11 €	<input type="checkbox"/>	<input type="checkbox"/>
Standard	1.101,27 €	110,12 €	27,81 €	11,1239 €	0,11 €	<input type="checkbox"/>	<input type="checkbox"/>
Premium	2.213,66€	221,36 €	27,81 €	1,1124 €	0,01 €	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>
Enterprise	3.326,05 €	332,60 €	27,81 €	1,1124 €	0,01 €	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>

¹Database Transaction Unit | ²virtual Central Processing Unit

2. PowerTSM® virtual Server Plans & Prices

*all prices monthly and net without VAT available for Premium & Enterprise Plans.

Product	Cores	RAM	Storage	Operating	Price p.m.
PowerTSM vServer 1/2/10/5x12	1	2 GB	10 GB	Mo-Fr 6-18 CET	33,37 €
PowerTSM vServer 1/2/10/7x24	1	2 GB	10 GB	24 x 7	100,11 €
PowerTSM vServer 2/4/20/5x12	2	4 GB	20 GB	Mo-Fr 6-18 CET	66,74 €
PowerTSM vServer 2/4/20/7x24	2	4 GB	20 GB	24 x 7	200,23 €
PowerTSM vServer 4/8/40/5x12	4	8 GB	40 GB	Mo-Fr 6-18 CET	133,49 €
PowerTSM vServer 4/8/40/7x24	4	8 GB	40 GB	24 x 7	400,46 €

3. Billing

Enterprise plan and server plans are billed annually in advance, cloud consumption and all other plans are billed monthly. Booking and invoicing of additional database performance (DTU) and compute performance (vCPU) is done via PowerTSM® portal.

4. Calculation

Monthly costs are calculated from fixed costs according to number of tenants and users and variable costs depending on storage and traffic consumption based on the following formula:

$$C_m = N_{TE} \cdot P_{TE} + N_U \cdot P_U + S_{max_m} \cdot P_S + T_m \cdot P_{TR}$$

C_m	costs of service p.m.
N_{TE/U}	number of tenants / users
P_{TE/U}	price of tenants / users**
S_{max_m}	maximum storage requirement p.m. up to max. 1 TB per tenant
P_S	price of storage**
T_m	traffic [GB] p.m.
P_{TR}	price of traffic**
** according to selected plan.
