

PowerTSM® CLOUD SERVICES USAGE FEES

Last updated: 6.3.2023

1. PowerTSM® Subscription Plans & Prices

*all prices monthly and net without VAT.

| Prices | Tenants | Users | Repositories | Storage/GB | Traffic/GB | 100DTU ¹ | 2 vCPU ² |
|------------|------------|----------|--------------|------------|------------|---------------------|---------------------|
| Essentials | 390,00 € | 39,00 € | - | 100,00 € | 1,00 € | - | - |
| Standard | 990,00 € | 99,00 € | 20,00 € | 10,00 € | 0,10 € | 390,00 € | 190,00 € |
| Premium | 1.190,00 € | 199,00 € | 25,00 € | 1,00 € | 0,01 € | 390,00 € | 190,00 € |
| Enterprise | 2.290,00 € | 299,00 € | 25,00 € | 1,00 € | 0,01 € | 390,00 € | 190,00 € |

¹Database Transaction Unit | ²virtual Central Processing Unit

2. Billing

Enterprise plan is billed annually in advance, cloud consumption and all other plans are billed monthly. Booking and invoicing of additional database performance (DTU) and compute performance (vCPU) is done via PowerTSM® portal.

3. Calculation

Monthly costs are calculated from fixed costs according to number of tenants and developers and variable costs depending on storage and traffic consumption based on the following formula:

$$C_m = N_{TE} \cdot P_{TE} + N_U \cdot P_U + S_{max_m} \cdot P_S + T_m \cdot P_{TR}$$

| | |
|-------------|----------------------------------|
| C_m | costs of service p.m. |
| $N_{TE/U}$ | number of tenants / users |
| $P_{TE/U}$ | price of tenants / users** |
| S_{max_m} | maximum storage requirement p.m. |
| P_S | price of storage** |
| T_m | traffic [GB] p.m. |
| P_{TR} | price of traffic** |

** according to selected plan.
